

Make Your Own Toilet Roll Octopus

You will need:

- A toilet roll inner
- Paint, paintbrush, pot
- Marker Pen
- Scissors
- Messy apron

Ask an adult to help you with scissors and cutting out

- From halfway down the toilet roll inner, use the maker pen, to divide the toilet roll inner into eight strips
- To space them evenly. it helps if you draw one line then the next the opposite side of the toilet roll inner.
- Then draw the next line in between the two and the next opposite that etc.

- **Cut along each line to divide the bottom half of the toilet roll inner into eight tentacles**
- **Roll up each tentacle around a pencil to make it curl.**
- **If necessary, bend it further by hand.**

- **Give your octopus a coat of paint and leave it to dry. Don't forget the bottom edges of the tentacles – you will see them!**
- **With the marker pen, draw some eyes and a smiley face**
- **Now, give your octopus a name!**

Take a look at the other eggbox and toilet roll sea-life characters you can make. You could draw or write a story about them. Have fun!
