

Make Your Own Eggbox Turtle

You will need:

- An eggbox
- Paper or card (green or white to paint)
- Paint, paintbrush, pot
- Marker Pen
- Glue
- Scissors
- Messy apron

Ask an adult to help you with scissors and cutting out

- Cut your eggbox in half and save the lid for another project.
- Cut around a segment
- Give your eggbox section a coat of paint and leave it to dry.

- Place your eggbox segment on a piece of paper or card and mark out the shape of the flippers (and a tail, not shown)
- Add an extra bit as a tab to give you something to attach to the eggbox segment.

- Draw a head shape with a little tab to attach to the eggbox segment.
- Add some eyes and a smiley face!
- Cut all the pieces out
- Now you are ready to assemble your turtle.
- Glue the flippers and the tail to the inside of the eggbox segment using the tabs
- Glue the head to the front of the turtle
- Now give your turtle a name!

Take a look at the other eggbox and toilet roll sea-life characters you can make. You could draw or write a story about them. Have fun!
